ALL ABOUT ME

Welcome to Kingswood Daycare Nursery!

This document plays a crucial role in helping us understand your child's unique personality, preferences, needs, and interests. By gaining a comprehensive picture of your child, we can provide the best possible care and support tailored to their individual needs. We believe in working closely with you, the parents, as partners in your child's development. Your insights are invaluable to us, and together, we can create a nurturing environment where your child can thrive.

Babies 3 months -2 Years

Comforters And Attachment Theory

We understand that settling into a nursery can be a challenging time for both children and parents.

To help your child feel safe and secure in their new environment, we offer a settling-in period with their key person, allowing them to gradually adjust. For children who are new to a daycare nursery setting, this process may take a little longer, and we are fully committed to supporting them every step of the way.

Our nursery manager and key person will collaborate with you to implement various techniques that ensure a smooth transition. We believe that building a strong partnership with parents is key to a successful and quicker settling-in process

Does your baby use a comforter?

Yes No

If yes, what are they and if there is a special name given to it?

Does your baby sleep throughout the day?

Yes No

If yes, please tell us about their routine. How do they usually go to sleep, how long for, what time do they nap? Do they sleep on a bed or in a cot?

Does your baby self-settle at sleep time?

Yes No

If No, how do you settle your baby?

(Is your child walking, crawling, cruising, pulling themselves up) Please give details below:

Baby Room 3 months to 2 years

Mealtimes

Mealtime is a special and important part of the day at Kingswood Daycare Nursery.

It's an exciting time for babies to sit alongside their friends, learn new vocabulary, and practice important social skills like taking turns and sharing. Our Kingswood team is dedicated to making mealtime a positive experience. They sit with the children during meals to encourage conversation and plan fun food activities that motivate them to try new foods.

To help us better understand your baby's food habits and preferences, please provide as much detail as possible in the section below. This information will enable us to support your child's mealtime experience effectively.

Has your baby been weaned?

Yes No

If yes, please tell what consistency they currently have?

- Smooth puree
- Small lumps
- Large lumps

Does your baby try to feed themselves?

Yes No

Does your baby drink water from a cup or a bottle?

Bottle Cup

If your child were to refuse their food, what would you like us to offer as an alternative? (Fromage Frais, Toast, Rice Cake?) Include favourite foods.

Nappy Routine

The one-on-one time you share with a child during nappy changes plays a significant role in their language development.

When you engage in meaningful conversation as you attend to them. Developing positive nappy changing and toileting routines is essential, as these activities are a significant part of a child's daily routine in care. Beyond meeting a child's physical needs, these moments provide an opportunity to build a strong and trusting relationship. Your attentive and caring approach during nappy changes and toileting not only supports their development but also helps foster a secure bond between you and the child

Does your baby use disposable nappies?

Yes No

If not what brand and type of nappies does your baby use?

Does your baby require nappy rash cream to be applied on every nappy change or as and when there is a visible rash

Always Only for visible rash
